

Repair Parts Sheets	Revision	Revision Date	Product Code Beginning
L4257	Rev. A	11/2018	A

Figure 1, puller assembly for models with 2 jaws configuration. Also valid for models with 3 jaws configuration, adding one extra jaw

Note: See Page 2 for parts list.

Notes	
1	Apply Molykote 1122 to threads
2	A further breakdown of the hollow cylinders may be found on www.enerpac.com . For further information on the following cylinder assemblies, reference the appropriate cylinder models: - RWH121900 = cylinder model RWH121. Assembly also includes FZ1055 (reducer connector), DC1389900 (female coupler) and DD1782020 (dust cap). - RCH202901 = cylinder model RCH202. Assembly also includes HP2015 (threaded saddle).
